Dear Colleague,

It gives us immense pleasure to invite you to the workshop on Practical Pediatric Oncology, under the auspices of National Training Project, of Pediatric Hematology Oncology Chapter of Indian Academy of Pediatrics, at Max Hospital, Vaishali, Ghaziabad, on 1st September 2024, Sunday.

Renowned faculty will cover basic aspects of early diagnosis and approach to childhood cancers and their management, emergencies in pediatric oncology and communication in difficult situations. This one day training module will also give you hands on experience on central line care, common oncology procedures, blood transfusion practices etc. This would help doctors in various specialities including pediatrics, pediatric surgery, radiation oncology, medical oncology, surgical oncology to participate in shared care in treating children with cancers.

Who should attend Doctors (Consultants and Trainees) in

- Pediatrics
- Pediatric Surgery
- Pediatric Oncology
- Radiation Oncology
- Medical oncology
- Surgical oncology
